

# Product Introductions

## Accessory for Semiconductor **Wheel Mount**

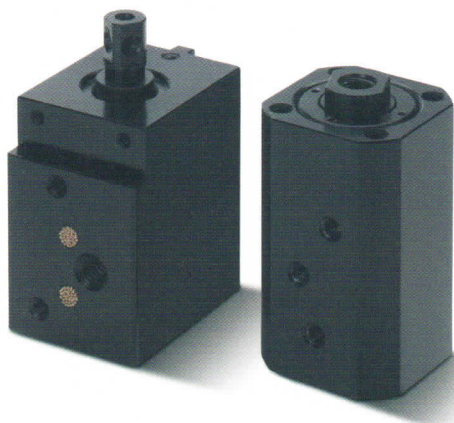

### ➤ SPECIFICATION

Type	Model	Accuracy Flatness
Ring	RWMR 10494	1.5um
Hub	RWMH 1038	1.5um

## **Air Bearing Cylinder**

This is a compounded linear air bearing actuator which applies super precision static pressure air bearing and can control high response, high degree of micro load and even can perform air blowing and air suction as well.

※ It is subject to customize by customer's request

### ➤ SPECIFICATION

Axial Load Capacity
20N Class
30N Class
